- 14G-2P
- 16G-2P
- 18G-1P

## TYPE OF YARN

- STRAIGHT

## COLOR STOCKS

- ALL COLOR STOCK SERVICE
- OWN COLOR MINIMUM:6KG

## DESCRIPTION

A combination of soft semi-dull rayon and special polyester by twisting with air, it has a bulge and lightness because of the structure that contains more air compared to ordinary twisted yarn. It is also ideal yarn for whole garment knitting. RAYTEC PLUS has antibacterial and deodorant effect. It has a texture that can be used all year round, easy care, and antibacterial and deodorization effect to suppress the smell of sweat. It is easy to handle and maintain throughout the year and is a useful material for making knit products that are comfortable to wear anytime.
