## GAUGE

- 5G-1P
- 7G-1P

## TYPE OF YARN

- STRAIGHT

## COLOR STOCKS

- ALL COLOR STOCK SERVICE
- OWN COLOR MINIMUM:3KG

## DESCRIPTION

TONE WOOL uses Australian Merino lambswool from younger than 6 months.

By mainly blending 19.5μ wool, it keeps its bounciness even after the spinning process.

Woolen yarn is usually top-dyed. This product however, uses a technology that loosely spin the soft 19.5μ wool. TONE WOOL therefore can be yarn dyed while maintaing its top expression and volume.

## WASHING INSTRUCTION
